**Glucosamine is rarely  
found as a natural  
source in food**

KEVA

**KEVA**

**GLUCOSAMINE**

**PLUS**

May help ease the pain in joints which may help prevent further damage by repairing cartilage. People who have Osteoarthritis and other types of arthritis and osteoporosis may find great relief. This may also benefit those who suffer from skin disorders

**KEVA**

Combines essential, natural formula that is easily absorbed by your body

Many International Clinical studies show that the ingredients are beneficial in maintaining healthy joint function, cartilage and flexibility

# ORIGIN

**100% Natural  
Product**

**A new form of glucosamine derived from corn to support your healthy joints**

**Vegetarian D Glucosamine HCl is normally manufactured by subjecting corn syrup to fermentation. Once the fermentation is complete, the residue is removed from the obtained product, which is then subjected to series of filtration in order to obtain the high-quality vegetarian D-glucosamine HCl, in its purest form. Fermented glucosamine is considered natural and safe when compared to the chemically processed glucosamine.**

## ORIGIN

**100% Natural  
Product**

***Most glucosamine is manufactured by processing chitin from the shells of shellfish including shrimp, lobsters, and crabs. To meet the demands of vegetarians and others with objections to shellfish, manufacturers have brought glucosamine products to market made using fungus *Aspergillus niger* and from fermenting corn***

# Keva Glucosamine Plus contains

Vitamin C from Acerola Cherry Concentrate- 2.40mg

Glucosamine HCl – 600mg

Boswellia(Boswellia Serrate) (Plant)- 60mg
