

KEVA

# KEVA SILVER PLUS

Purest form of silver  
without any side effects

KEVA

- ◉ *Fast Absorbing Liquid Formula*
- ◉ *Super Charged Immune Booster*
- ◉ *Contains no known Allergens*
- ◉ *Gluten Free*
- ◉ *Safe & Cost Effective*

- ◉ Keva Silver Plus is a dietary supplement providing nano scaled silver particles in pure hydro solution
- ◉ It is a 100% natural product with over 30 ppm per dose of purified Silver
- ◉ We use proprietary technology to process this high quality Silver for maximum effectiveness.

**Consequently the 30ppm strength is the optimum strength to use on virtually any application.**

# Why 30ppm?

- ◉ 30 PPM or 30 parts per million of superfine particles of pure silver are electro-magnetically charged and suspended in de-ionized water. The silver particles stay in suspension without the need of any chemical or protein, stabilizer or artificial additive
- ◉ The Silver technology found in Keva Silver Plus is unique among all other products. Keva Silver Plus contains measurable energies as compared to other products of same category. Taking Silver drops every day is like having an extra immune system. It decreases the load on the body's natural immune system effectively killing many viruses present throughout the body

# How does Keva Silver Plus work?

- Keva Silver Plus inhibits the ability of disease causing organisms such as bacteria, virus, fungus, and parasites from assimilating oxygen, and as a consequence, they literally suffocate and die.
- Keva Silver Plus acts in a manner that is slightly different from antibiotics. Microorganisms, whether they are bacteria, viruses or fungi, need specific enzymes to help them breathe. This acts as a catalyst which disables these vital enzymes required by the microorganisms. Due to this action, the microorganisms die. It also helps to reduce inflammation and help to promote healing of injured tissue. Furthermore, antibiotics act relatively indiscriminately on enzymes, thus, causing some bit of damage to even beneficial enzymes in the body. However, it acts only on the enzymes of the microorganism, leaving tissue cell enzymes intact.

# BENEFITS

- **BASED ON MANY INTERNATIONAL CLINICAL TRIALS**

- **OUTSTANDING IMMUNE BOOSTER BROAD SPECTRUM AND MICROBIAL IMMUNE SUPPORT**

**Anti Bacterial**

**Anti Fungal**

**Anti Viral**

**Anti Inflammatory**

- **EFFECTIVE AGAINST HIV**
- **EFFECTIVE AGAINST H1N1 FLU, BIRD FLU (AVIAN INFLUENZA)**

**Helpful in Tumor formation**

**Helpful in destroying the various cancer causing elements - Carcinogens**

**Effective against Candida Formation**

**Effective against Epstein Barr**

**Fights against Parasites**

**Helpful in Cancer**

**Effective against Lyme's disease**

**KEVA**

# HOW KEVA SILVER PLUS FIGHTS AGAINST FUNGUS INFECTION?

**A fungus is a series of single cells having tiny tubes of the material of the cell wall stretched between the cells. Fungus still exhibits that characteristic of any one-celled bacterium - a chemical lung which is immobilized by the presence of Silver. It takes only minutes to suffocate the attacking fungus**

# HOW KEVA SILVER PLUS FIGHTS AGAINST VIRAL INFECTION?

**A single virus will invade a living cell of body tissue.**

**The pathogen will take over the nucleus of the cell and alter its production/reproductive mechanism so as to replicate itself instead of the enzyme, hormone or other chemical the cell was intended to produce. As the virus changes the cell for its own purposes, the cell reverts to a more primitive form of cell structure and chemistry. The oxygen-metabolizing enzyme, or chemical lung, in the cell wall also reverts and is vulnerable to the effect of Silver. The catalytic effect of the Silver inhibits the enzyme which then cannot function to bring oxygen into the cell. The virus-producing cell now dies and is eliminated along with the millions of cells that end their usefulness each day**

# HOW KEVA SILVER PLUS FIGHTS AGAINST PARASITIC INFECTIONS?

**Taking larger doses spread over the day, for several days, should interrupt the life-cycle of the tiny, worm-like animals that burrow through a particular organ. These parasites reproduce by laying eggs which have the same characteristics of the oxygen-metabolizing enzyme as the primitive single-celled bacterium. Without their oxygen supply these eggs cannot hatch, and die.**

# HOW KEVA SILVER PLUS IS BETTER?

**MORE EASILY ABSORBED, AND EXPULSED**

**CONTAINS RICH SILVER**

**KNOWN FOR ITS STRONG ANTIMICROBIAL PROPERTIES**

**HAS TRIPLE UNIQUE SILVER CONTENT AS THE  
REGULAR 10 ppm PRODUCT**

**STRONGER THAN OTHER SILVER PRODUCTS**

**All NATURAL with only THE PUREST INGREDIENTS**

**30 PPM Silver Solution**

**Used AND RECOMMENDED by DOCTORS**

**Rapidly kills AN ENORMOUS ARRAY  
of PATHOGENIC MICROORGANISMS;  
LITERALLY oxidizing THE CELL WALL  
of GRAM-POSITIVE AND GRAM-  
NEGATIVE BACTERIA, AS WELL AS  
killing NAKED VIRUS, FUNGI AND  
ALL WITHOUT DAMAGING LIVING  
TISSUE**

# ENGINEERED by its INVENTOR AND MANUFACTURER TO MAXIMIZE THE EFFECTIVENESS of SILVER

## GRAM-NEGATIVE

## GRAM-POSITIVE

**KEVA<sup>®</sup> Silver Plus**

LIQUID

- Immune System Support
- Patent Pending Process
- Scientifically Tested
- 30ppm Oligodynamic Silver
- 100% Natural

Tonic for Daily Immunity (Silver Plus) 8 fl. Oz. (236ml)

**100% SAFE TO HUMANS by CREATING A TRUE PURE NANO-SCALE oligodynamic silver particle suspension in pure water**

**A TRUE hydrosol; NOT A colloid AND NO chemicals OR SALTS ARE EVER INVOLVED**

**PRODUCED USING A UNIQUE ELECTRICAL PROCESS THAT CREATES HOMOGENEITY, MINUTE PARTICLE SIZE, AND STABILITY of THE silver particles**

- ⦿ Engineered by its inventor and manufacturer to maximize the effectiveness of silver and be 100% safe to humans by creating a true pure nano-scale oligodynamic silver particle suspension in pure water.
- ⦿ Is a true hydrosol; not a colloid and no chemicals or salts are ever involved
- ⦿ Keva Silver Plus is produced using a unique electrical process that creates homogeneity, minute particle size, and stability of the silver particles.
- ⦿ Keva Silver Plus is made with our purest specially processed water which has been correctly balanced with the appropriate pH, is far superior to that made from ordinary distilled water, which most companies are using.

- ◉ Keva Silver Plus is Oligodynamic and is the purest form of silver that will deliver absolutely no side effects. This is important because it is the silver ion, positively charged ( $\text{Ag}^+$ ) that does the job. The killing ability of silver against bacteria, viruses, and parasites is directly proportional to the amount of this ion present. Particle size, concentration and charge are the three parameters of the silver's effectiveness. But generally companies are making colloidal silver products and silver salts very low in oligodynamic content.
- ◉ It is essentially in nonionic form. Dilution in the body, the low concentration and treatment in the G.I. tract of the body converts the silver to a true ionic form, which acts as the effective micro biocide.

## OLIGODYNAMIC EFFECT

- The oligodynamic effect (from Greek oligos "few", and dynamis "force") is a biocidal effect of metals, especially heavy metals, that occurs even in low concentrations. The health effect was known in India for more than 2700 years as their ancient texts prescribe brass utensils for purity of water and good health.
- In modern times, the effect was observed by Karl Wilhelm von Nägeli, although he did not identify the cause.
- Scholarly texts from ancient India promoted the use of brass and silver in ritual cleansing practice as well as in consumption of food and drink.
- The ancient Indian medical text Sushruta Samhita promoted the use of specific metals in surgical procedures as a measure to prevent infection. Brass doorknobs and silverware both exhibit this effect to an extent
- Bioinspired synthesis of silver nanoparticles.

## OLIGODYNAMIC EFFECT

⦿ Disease-causing microbes that have become resistant to drug therapy are an increasing public health problem. Therefore there is an urgent need to develop new bactericides. **Silver nanoparticles** are the metal of choice as they hold the promise to **kill microbes effectively**. Silver nanoparticles take advantages of the oligodynamic effect that silver has on microbes. In this work we have synthesized silver nanoparticles using environmentally benign material like *Mentha Piperita* leaf extract.

# CERTIFICATION

# Recommended Dosage

| Age            | Days 1 to 7                     | 7 <sup>th</sup> day onwards     |
|----------------|---------------------------------|---------------------------------|
| Under 12 Yrs   | ½ Teaspoon<br>Three Times a day | ¼ Teaspoon<br>Three Times a day |
| 12-17 yrs      | 1 Teaspoon<br>Two-times a day   | ½ Teaspoon<br>Two -times a day  |
| 18 yrs & Above | 1 Teaspoon<br>Three Times a day | ½ Teaspoon<br>Three Times a day |
