# PROBLEM

A sexual problem, or sexual dysfunction, refers to a problem during any phase of the sexual response cycle that prevents the man or couple from experiencing satisfaction from the activity

# PROBLEM

While research suggests that sexual dysfunction is common (**43% of women and 31% of men report some degree of difficulty**), it is a topic that many people are hesitant to discuss.

**WHAT CAUSES  
SEXUAL  
PROBLEMS?**

## PHYSICAL CAUSES

Many physical and medical conditions can cause problems with sexual function

## PSYCHOLOGICAL CAUSES

These include work-related stress and anxiety, concern about sexual performance, marital or relationship problems, depression, feelings of guilt, and the effects of a past sexual trauma

# **BOTH MEN AND WOMEN ARE AFFECTED BY SEXUAL PROBLEMS**

Sexual problems occur in adults of all ages. Among those commonly affected are those in the geriatric population, which may be related to a decline in health associated with aging.

KEVA

***KEVA***

***POWER***

***PLUS***

Improves vitality

100% Natural Herbs

Helps in Sexual Weakness

Improves immunity and increases  
body resistance to illness

Removes lethargy

Promotes longevity

KEVA

Naturally enhances your body's levels of free testosterone, a male hormone that plays a significant role in sex drive

# KEVA

Promotes a smoother and more efficient blood flow, helping to reduce blood stasis, especially in your genitals. This means longer, thicker and harder erections.

Strengthens seminal emissions. This means a larger volume of ejaculate when you experience orgasm.

Improves oxygen flow to your brain and other organs. This can increase mental acuity, energy and stamina.

Reduces the levels of at least one other hormone that inhibits sex and enhance the immune system.

# WHAT MAKES IT SO EFFECTIVE?

The herbs in Keva Power Plus are well-known for their use in the handling of low sex drive and poor blood circulation. When taken together in Keva Power Plus, these herbs' therapeutic value extends beyond sexual energy, regulation of blood flow or general longevity as it improves the basic immunity of human body! Improves blood flow, sexual energy, desire and sexual performance!
