

KEVA

Keva Animal Liver Tonic

KEVA

A LIVER STIMULANT TO GIVE STRENGTH TO THE LIVER

**If the cattle's
liver is not in
a good
health then it
can directly
affect its
ability to
milk and also
the milk
quality**

When the liver is not completely cured then the cattle slowly stops feeding

KEVA

Keva Industries has brought a liver tonic of a new technique to save your Cattle from such problems and to increase your income

KEVA

Keva Animal Liver Tonic

KEVA

With Keva Animal liver tonic, the health of your cattle's Liver increases along with its ability to work

KEVA

This liver tonic stimulates the weak cells of the liver for their regeneration

KEVA

Keva Animal Liver Tonic consistently increases the ability of animals to fight against various diseases

Keva Animal Liver Tonic protects the liver of animal from all types of toxins

Many types of toxins enter the body of the animal by eating of fodder or something else

KEVA

It also protects the animal against any type of stress

KEVA

After de-worming, this liver tonic quickly fixes the animal's liver

KEVA

This can be clearly seen as the health of the cattle will improve and also the animal will start giving good quality of milk, according to its ability

KEVA
