

KEVA

Keva Agro Enzyme

A background image of a bright blue sky with scattered white clouds.

There are two ways to make farming profitable

A background image of a sunset or sunrise over a field, with a bright orange and yellow sky and a dark horizon.

1. Increase the production

A background image of a lush green field, possibly a cornfield, with rows of crops stretching into the distance.

2. Cut the cost

**But
how
?**

**It
becomes
a big
decision
for the
farmers**

KEVA

That's why we have brought

KEVA

Keva

Agro

Enzyme

KEVA

**This will double
the output**

**Moreover, it is
very cost
effective**

The best part is that it's easy to use

**Let's know
how it works**

KEVA

**To produce
nutrient-rich
grains, firstly soil
needs to be
nutritious.
Approx. 16
nutrients are
found in the
ground**

Agricultural Enzymes

These nutrients in the absence of an agricultural enzyme would have remained bound to the soil unavailable to the plants.

Enzymes are widely used in the agricultural industry because it increases crop production

Agricultural Enzymes

These agricultural enzymes are basically bioactive proteins, which are used to yield food and to protect them from pests

KEVA

Agricultural Enzymes

Moreover, use of such bioactive protein in agriculture also helps improve crop efficiency and growth

Agricultural enzymes present in Keva Agro Enzyme are the catalyst that accelerates the chemical reaction that unblocks the nutrients present in the soil and makes it available to plant roots

Directions to use

- Shake the bottle well before opening
- Mix desired quantity of Keva Agro enzyme in small quantity of water and stir well
- Add the solution to sufficient quantity of water to achieve required coverage
- Keva Agro Enzyme can be mixed with most of the pesticides after diluting with water separately

Dosage and Application

30-35ml per 15 litre of water

A white spiral-bound notepad is positioned in the center-right of the image. It has a black metal spiral binding at the top. The notepad is slightly tilted and casts a soft shadow on the blue background below it. The background is split diagonally from the bottom-left to the top-right, with a yellow upper-left section and a blue lower-right section.
