

Due to the increasing human population there has been an increase in the amount of pollutants found in the environment

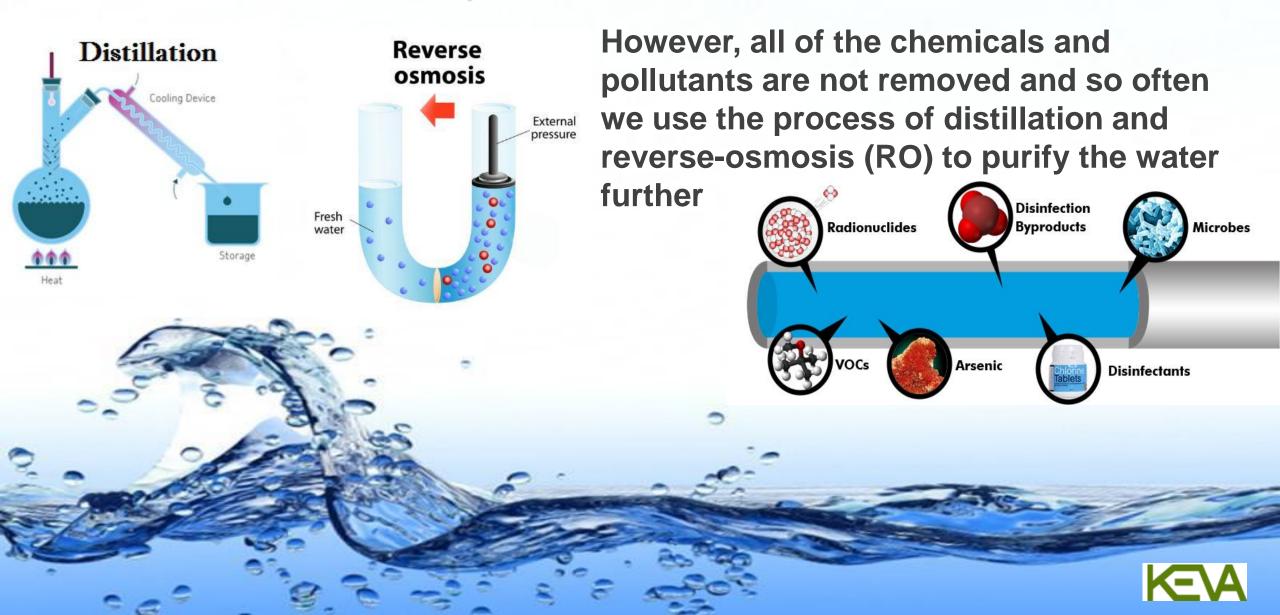

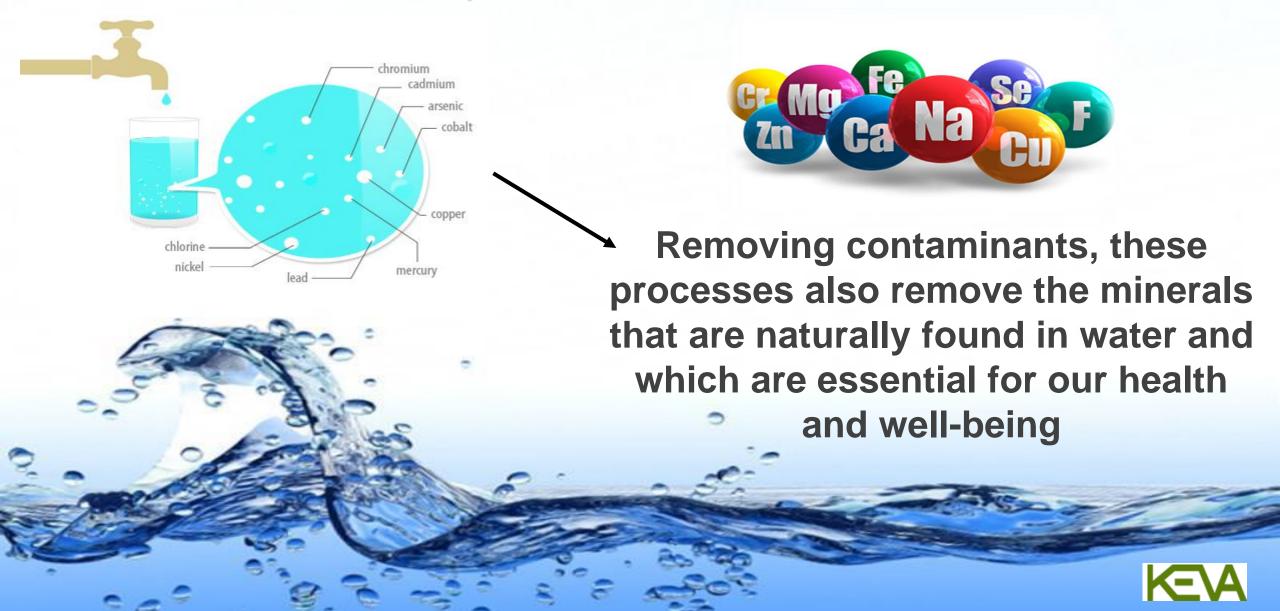

Water must now be 'purified' through chemical means in order for it to be safe for us to drink

**CTMD** is highly concentrated and contains over 72 ionically charged trace minerals hence a perfect solution for replenishing your body with the nutrients you need to maintain optimum health.

#### WHERE DOES CTMD COME FROM?

**CTMD** contains natural mineral concentrate that is taken from the Great Salt Lake in Utah. 100% natural with no other ingredients added

About 2 million tons of dissolved salts enter the lake each year by this means. The Great Salt Lake is a terminal lake & has no surface outlet hence all the minerals remain in the lake

#### **NUTRITIONAL CONTENT**

Contains 72 trace minerals

Magnesium, Chloride, Sodium, Potassium, Sulfate, Lithium, Boron

In addition it also contains, other elements found in sea water in varying trace amounts

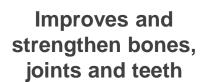

# BENEFITS

Improves healthy growth of hair

Increases energy, vitality, and improves health

Improves immune system

Weight reduction

Promotes a healthier cardiovascular system

Normalizes Bowel Functions by cleansing

### WHY IS CTMD SO POWERFUL?

We use a completely natural process that removes the sodium and gives us a formula about 26 times more concentrated than any other liquid trace minerals in the market

Extracted using a natural mineral concentrate that removes 99% of the sodium and gives us a formula about 78 times more concentrated than the sea water

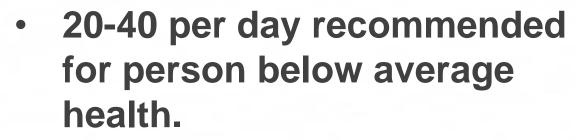

#### **HOW TO USE?**

Just add a few drops to your hot or cold drinks or food.

- 20-40 drops per day for adults;
- 1 drop per 2 kg weight for children.
- One bottle (30 ml.) contains (500) drops

3 to 4 drops per 250 ml. to remineralize distilled water.

#### **HOW TO USE?**

- You may also dilute 40 drops of CTMD in 50 ml. water and spray it over your face or body parts to give you a refreshing feeling.
- It can also be applied externally.
- Apply one or two drop on affected areas

#### **HOW TO USE?**

 You may also use it in cooking to enhance the flavor and nutrition of your food

 Use of CTMD is not limited only to human beings. It is also good for plants and animals
